

Auctav Arabian Summer Sale **Breeding Focus: strength in depth and quality pedigrees**

The first Arabian sale of the year in France takes place on 25 June on auctav.com with the Auctav Arabian Summer Sale. Over 30 lots feature in the current catalogue, with a particular spotlight on quality broodmares and breeding prospects, including stallion Nour Hady.

Nour Hady (Dahess x Nour Hadya) – 2018 stallion - Consigned by Haras du Grand Courgeon

Nour Hady, a son of Dahess bred by Écurie Zakaria Hakam, is one of the standout performers of his generation in Morocco. A **nine-time winner**, he landed the highly coveted **Grand Prix SAR le Prince Héritier Moulay El Hassan (Gr.3 PA)** and has proven remarkably consistent at the highest level.

Most recently, he produced a dominant display in the **Prix Moulay Abdellah** at Anfa, where he surged clear to win by **seven lengths**, underlining his class and ability to separate himself in the key moments of a race.

Trained by **Éric Legrix** and partnered with leading Moroccan rider **Zouhair Madihi**, he offers a complete profile: toughness, cruising speed, stamina, and racecraft. From a strong maternal line, he is out of **Nour Hadya** (by Nour Thabet), an international winner herself, and closely related to **Al Noury** and **Wall Street**, both Group PA winners on the international stage.

With a proven pedigree, outstanding race record, and a versatile racing profile, **Nour Hady** presents a rare opportunity on the Arabian stallion market—a true Group-class performer with the credentials to make an impact both at stud and abroad.

A double opportunity here: a top-class broodmare in foal to a stallion destined for the top.”
